Company Info

Elite Stone Group is a distributor of high quality prefabricated Quartz countertops, Quartz slabs, and luxury Porcelain slabs. We offer over 100 different designs and finishes through multiple distribution centers across Southern California. Visit our state-of-the-art corporate showroom and warehouse in Ontario, California.

Our industry experienced team is committed to managing inventory levels to ensure that all materials are available for your large multifamily cut-to-size projects, single family homes, commercial buildings, and hotel projects.

Come experience Elite Stone's dedication to customer satisfaction today, where our goal is to provide affordable material that is durable, practical, and elegant for your working and living spaces.

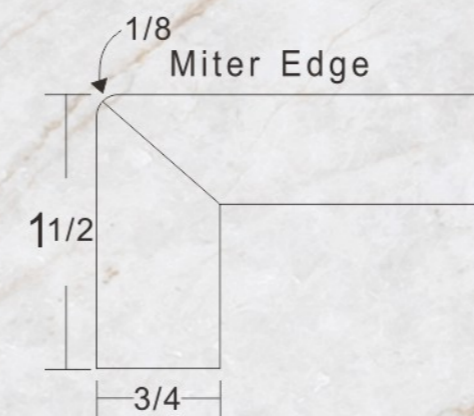

WHY DO WE CHOOSE QUARTZ?

Available size:

9' x 2'
9' x 3'
9' x 42"
9' x 52"
122" - 126" x 63"

***All prefabricated countertops come with miter edge.**

-BACTERIA RESISTANT:

Lower water absorption than Granite (0.03% VS 1%). Less moisture allows for less bacteria to infiltrate the stone that will give you a nice clean kitchen counter!

-STAIN RESISTANT:

Low absorption rate resists staining: coffee, wine, fruits and any other liquids.

-FADING RESISTANT:

High quartz content (90%~92%), does not react chemically with alkaline, acids juices, soft drink, vinegars as marble and granites often do.

-SCRATCH RESISTANT:

Hardness similar to most granites and much stronger than marble and limestone. Quality and safety are always our top priority.

QUARTZ

Quartz is a natural stone and one of the hardest minerals on Earth. Quartz countertops are manufactured by mixing ground quartz minerals, polymers, and resins.

Elite Stone Quartz countertops are engineered with 90-92% grounded Quartz making it a durable, non-porous, scratch resistant, and low maintenance product.

In fact, Quartz countertops achieve a high level of durability without any sealant making it the popular choice in today's market.
